## APPROVAL OF STATE ENGINEER

    This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions:

    This permit is issued subject to all existing rights on the source.
It is understood that the amount of water herein granted is only a
temporary allowance and that the final water right obtained under this
permit will be dependent upon the period of use and the average number
of cattle served from the waters of this source. The State retains the
right to regulate the use of the water herein granted at any and all
times but does not take responsibility for the use of the Federal range.

..........................................................................................................

..........................................................................................................

..........................................................................................................
